Hello,

ASC Education Foundation needs your help! We are hosting a Silent Auction at the ASCCA Annual Training Conference, and we need donations.

ASCEF is a nonprofit corporation dedicated to supporting and advancing the entire automotive industry. For more than 20 years, ASCEF has helped hundreds of students who want to pursue automotive technology as a career by raising funds and providing scholarships, endowments, and training programs throughout California.

We are asking for donations of all kinds! Some ideas are:

- Artwork
- Gift Baskets (we can help you select one)
- Ski Lift Passes
- Wine or Alcohol gifts (these would need to be direct shipped from the supplier)
- Concert Tickets
- Have a Family Cabin? Gift it for the weekend
- Brewery Tour
- Sporting Event Tickets

Keep in mind that individuals from all over the state will have access to bid so if you are donating an item like a dinner gift certificate, think about a chain restaurant or something people will plan around travel.

Your donation will go to a great cause and help students in the industry. All donors will be thanked during the auction event as well as the newsletter after the auction.

Please consult your tax advisor for the tax deductibility of your donation. You can use a copy of the form as your receipt. ASCEF is a 501c3 and the Tax ID number is 68-0431078.

Please make your donation by the August 25 deadline. We are unable to accept donations after the deadline.

Thank you,

Dave Kusa
ASCEF President
